

TAFT GUEST AT GRANT DINNER

Anniversary of Birth of the Great Commander Celebrated at Philadelphia.

SPEECH OF THE PRESIDENT

LOOKS FORWARD TO BREAKING OF THE "SOLID SOUTH."

Philadelphia, April 27.—President Taft today was the principal guest at the Grant birthday dinner of the Union League club in this city, and paid a striking tribute to the soldier-president. Incidentally he said a defeat at times would not hurt the Republican party. Mr. Taft was sharply criticized a year ago because of references to General Grant, and he took advantage of tonight's opportunity to express anew his admiration for General Grant as a man, as a soldier and as president.

General Horace Porter of New York and President James F. Hope of the League club were among the speakers who preceded President Taft at dinner.

After making complimentary references to the Union League's patriotic support of the Union army during the war, Mr. Taft said:

"It is peculiarly fitting that this club each year should celebrate the birthday of that man who then was coming into prominence, and upon him hangs, it would seem, the whole destinies of this nation."

"It is not for me, in the presence of a gentleman who knew him, who served with him, who ran the line of life and death with him, to dwell on his life, his peculiar views, or attempt to picture his character at length to this company."

Very Genius of War.

"But there are certain things with respect to General Grant that today come back with reference to our passing life. He said Grant had not the military genius that other generals displayed in the war. To my mind, his mind and brain represented the very genius of the war to suppress the rebellion, because it was his mind that grasped the thought that until we had fought it out with our brave opponents and met them in the field and fought them as soldiers, until we convinced them by our strength that the battle was hopeless, we could not expect to have a united country. And therefore, from the time he began the Belmont campaign until he accepted the surrender of Lee at Appomattox, he fought not cities, not points of strategy, but he fought the enemy, and he fought and fought and fought until he wore out the opposition, because only by wearing them out could he hope to bring about the condition in which there should be complete peace."

"The spirit shown by Grant and Lee at Appomattox is today, I trust, triumphant. Between the two leaders it existed when the terms of the surrender were signed, but it was impossible under the condition that that spirit

should control and make itself immediately manifest between the two sections. The conditions were such that that could not be. But what I mean to point out is that that spirit we now rejoice in, as we find between the two sections no remaining bitterness, is a spirit that as between the two great commanders existed the day that they shook hands and signed terms of surrender.

Division of Parties.

"It is a matter that I have very much at heart. I believe it is possible to make the two sections even closer together. We are all in the same boat in a more emphatic sense than we ever were before in the history of the country—I mean business boat—and they of the south, especially their business men, are trembling in the balance of doubt as to just where they are politically. I look forward into the next decade, not with the hope that the south shall become Republican, for that is not in my support of the Republican party, I think a good opportunity is necessary to make the Republican party, if it is to control the government, useful to the people, and a defeat at times would not hurt it. What I am looking forward to is a division in the parties in the south so that there shall be tolerance of political opinion there, so that in their state government and in their national government, there shall be more than one political creed to be subscribed to and supported."

Immediately after the banquet the president left for Washington.

BIG FEATURES FOR UTAH STATE FAIR

Ever since the United States came into possession of the Philippines, there has been a "light" with the islands has been "de-lighted" with the fireworks on the 10th of July. The amusement committee of the Utah State Fair association announces that the fair's big reproduction of the eruption of Mt. Vesuvius has been booked for the week will cost nearly \$10,000. More than 300 people are required by the fair company to put on "Mt. Vesuvius."

A number of other high-class attractions have been secured for the fair. The shows being supplied by the Western Vaudeville Managers' association, Dorothy Devonda will make balloon ascensions three times a day, wearing a bathing suit, and the evening program of entertainment will include band concerts, outdoor performances of all kinds and running races on the half-mile track. The grounds will be brilliantly illuminated each evening, and after-dark races will be featured. Many are lights will be placed around the race track.

INJURED IN ACCIDENT.

Old-Time Employee of Street Car Company Receives Serious Hurts.

Andrew J. Johanson of 507 North First street was seriously injured in an accident that befell him Sunday evening. While alighting from a street car at the corner of South Temple and Main streets Mr. Johanson did not reach the ground before the car was started. The result was that he was thrown to the ground and received severe hurts.

The injured man was taken to the Latter-day Saints hospital, where it was found that he had two fractures of the hip. He is resting easy after the operation.

Mr. Johanson is 73 years of age, and this fact may mitigate against him. He has been an employee of the street car company for twenty-two years. As soon as he is in condition to be removed he will be taken to the home of his son, Ed Johanson, at the address indicated.

NOT ONLY THE INDIGESTION BUT ALL STOMACH MISERY VANISHES

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourness, acid stomach, in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 5-cent case of Diapiesin. Then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, nausea, headache, biliousness

and many other bad symptoms; and, besides, you will need laxatives to keep your stomach and intestines clean and fresh.

If your stomach is sour or your food doesn't digest, and your meals don't tempt you, why not get a 50-cent case today from your druggist and make life worth living. Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is often sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

As a Matter of Health

The necessity of having the food properly preserved from contagion-breeding insects is of the most vital importance during the warm season.

THE ALASKA REFRIGERATOR INSURES COMPLETE PROTECTION TO EVERY ARTICLE OF FOOD PLACED IN ITS CHAMBERS.

Its remarkable ice-saving qualities and attractive appearance make it the queen of refrigerators.

Dinwoodey's

DUEL AFTER THE CASE IS ENDED

Francis J. Heney and Earl Rogers, Counsel for Calhoun, Agree to Fight.

San Francisco, April 27.—Francis J. Heney and Earl Rogers, opposing counsel in the trial of Patrick Calhoun, today agreed that their private differences, arising out of a clash over the admission of testimony, shall be settled at the first opportunity following the trial. An exchange of threats, made in tones that excited the short-hair reporter, nevertheless caught the attention of Superior Judge William P. Lawlor, who demanded to know what the warring attorneys had said. Ignoring the court, they proceeded with their examination of Daniel A. Coleman, the third member of the boodling board of supervisors summoned as a witness against the president of the United Railroads.

For the first time during the pending trial, Mr. Rogers appeared to take offense at a remark made by the assistant district attorney. Advancing to the edge of the table reserved for Mr. Calhoun's attorneys, he said:

"Don't talk to me in that manner, Mr. Heney."

Agreement to Meet.

"I'll meet you at any time you say," replied the prosecutor, and while the court was endeavoring to learn the subject of the debate, which was conducted in the least of tones, Mr. Rogers said:

"All right, Mr. Heney. That is agreed, but we will settle this matter after we have ended our duties to our respective clients."

Mr. Heney departed from the court room under escort of his customary bodyguards, and the adjournment marked the end of a stormy session of court, wherein Mr. Heney addressed Lewis P. Byington of the defense as "a barking cur," and Mr. Byington retorted by addressing Mr. Heney as "a trailing dog." Between quarrels, the re-examination of James L. Gallagher, who has occupied the witness stand since last Tuesday, was concluded, and Coleman, a former supervisor, was called in his place.

SITUATION HAS NOT IMPROVED

Survivors of Massacres in Asia Minor Now in Danger of Starvation.

Beirut, April 27.—Latest advices received here show little improvement in conditions throughout the disturbed regions of Asiatic Turkey. Every day adds to the sufferings of the refugees and to the death list. A dispatch from Adana says that the fires have been extinguished, but there is fear of further incendiaries. The American mission buildings, the Catholic Sisters' school and one Gregorian church have been saved.

The Jesuit and Armenian Catholic and Protestant churches and schools have been burned. Twenty thousand persons are destitute and there are few supplies of any kind.

Hadjin is still besieged. It has withstood several attacks made upon it from the mountain tops. All of the American missionaries in that town were safe up to last night. No direct word has been received from them today.

Thousands of refugees have arrived at Latakia, and the governor, with the few soldiers at his command, is doing his utmost to prevent disorders. But the Moslem community is strong and he is meeting with much opposition. The British warship Diana will arrive at Latakia tomorrow, as the presence of a ship at that place is absolutely necessary.

Beirut is quiet and announcement of the succession of Mehmed Reschad Effendi to Abdul Hamid as sultan was well received tonight. Aintab is apprehensive and unsettled. Unless the disturbances are immediately checked they will extend into the interior of Mesopotamia, which section is bitterly reactionary.

ATTENTION PROMISED.

(Special to The Herald.)

Washington, April 27.—Members of the Utah delegation today received a letter from Wade H. Ellis, acting attorney general, acknowledging the receipt of their petition and complaint against the Union Pacific and Southern Pacific railroads, and stating that it would receive prompt attention by the department of justice, and that notice would be given when action should be determined by the government.

CATARRH MICROBES

A Dead Microbe Is the Best Microbe—Hyomei Kills Them All.

Hyomei (pronounced High-o-mei) is a killer of catarrh germs, because when you breathe it in, its antiseptic and germicide properties reach every nook and crevice of the mucous membrane, from the mouth and nose deep into the lungs.

Hyomei brings the Australian forests of pine and eucalyptus to your house. It is made of the active principles extracted from these trees.

No one who lives in or near these forests suffers from catarrh. No one who breathes in Hyomei, the real forest air of Australia, will have catarrh for long after the treatment starts.

If you want to cure catarrh, cough, bronchitis, colds, asthma, hay fever, or relieve consumption, try Hyomei, the common-sense cure, the cure that reaches the spot.

A complete Hyomei outfit, including a hard rubber inhaler, costs only \$1.00, and extra bottles of Hyomei, if afterwards needed, cost but 50 cents. Guaranteed to cure, or money back. Sold by leading druggists everywhere. Sold and guaranteed in Salt Lake City by F. C. Schramm.

MI-ONA
Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 60 cents. Druggists in all towns.

NINE BUILDING PERMITS ISSUED

Those for Yesterday Represent Expenditures Amounting to About \$72,900.

Nine building permits issued by A. B. Hirth, city building inspector, yesterday, represent a value of \$72,900 and bring the total for the month so far to \$32,000, an increase of \$22,200 over April of last year, with several good sized buildings yet to come in. One permit yesterday was for a 12-room addition to the Wasatch school, \$4,000. The permits issued yesterday were:

Monon Morris, one-story, double brick dwelling, No. 277 East 1st court, \$2,000. Nello D. Sherman, two-story, seven-room brick dwelling, No. 239 South Thirtieth East, \$4,000. M. C. Mero, one-story, double brick, seven-room dwelling, No. 146 1st street, \$2,000.

T. Nystrom, one-story, five-room brick dwelling, No. 272 Fourth avenue, \$3,000. Board of Education, two-story, twelve-room brick addition to Wasatch school, \$4,000.

Louis Contis, one-room brick store, No. 419 West Second South, \$200.

Joseph Habbershaw, one-story, two-room brick dwelling, No. 675 Roosevelt avenue, \$2,000.

G. M. Green, two five-room brick cottages, Nos. 348 and 352 University avenue, \$5,000, \$5,000.

William K. Vanderbilt's residence in New York is built of the same Indiana stone as that used in the construction of the Newhouse building. After this stone is washed it will remain clean for nearly 50 years, it is said. The cost of hauling the Indiana stone to Salt Lake has been enormous.

LIGHT AND WATER FOR THE CITY OF ST. GEORGE

A. H. Ensign is president, George Z. Edwards, vice president, R. J. Evans, secretary and treasurer, and R. E. Simons, manager, of the St. George Electric company, which was organized in Salt Lake Monday. While some of the most prominent business men of St. George are interested in the company, the majority of the stockholders at the present time are Salt Lake residents. The main office of the company will be at St. George. The business office for Salt Lake will be located at 207 D. Walker building.

The company has secured a twenty-five-year franchise for the furnishing of light and power in the city of St. George, also a contract covering the same number of years for the use of the city water supply, known as the St. George and Cottonwood water company.

Construction work, under the direction of the manager of the company, has been started upon the plant. It is expected that the lights will be turned on within four months.

IMPROVEMENTS FOR THE NORTH BOULEVARD

Improvements are to be made on the North boulevard on Eleventh avenue, which will make it one of the finest residence districts in the city. It has been practically decided to curb, gutter and put in sidewalk along the thoroughfare at a cost of about \$15,000, and work will be started right away.

This improvement will probably lead to improvements by other real estate holders and eventually the city may be induced to take up the matter of completing the drive which was started in 1882 and for lack of funds was never completed.

W. A. Kinney of Honolulu is one of the owners of the improvements, believing implicitly in the future of Salt Lake. In a letter he started upon the plan. It is expected and sent the amount of my proportion and I will gladly remit."

BUSINESS PARAGRAPHS

If the weather will kindly get a little more settled local real estate men will be more obliged.

There is a great demand for houses to rent in Salt Lake at the present time.

April was a crackerjack month for the real estate men in Salt Lake, and May promises to be still better.

The Salt Lake bank clearings for yesterday amounted to \$1,027,942.21, as compared with \$724,644 for the corresponding day last year.

F. E. McGurran, president of the Salt Lake Security & Trust company, returned yesterday from a short business trip to Butte.

A number of local architects are making designs for the new poultry building to be erected at the state fair grounds this coming summer. The fair association plans to put up one of the finest poultry buildings in the country. The appropriation for this building was \$3,000.

The Hubbard Investment company sold five lots in Oakley park yesterday and two in the South Columbia addition. The latter purchase was made by Robert Campbell of Butte.

Two apartment houses will be erected for Sol Nelson on Third East street between Main and Fourth streets. One of the buildings will be four stories in height and the other three stories. They will contain four and six apartments, respectively. The buildings will cost about \$25,000. The plans were drawn by Architect J. A. Headlund.

REAL ESTATE TRANSFERS

Granite Fruit & Commercial Co., to Granite School district, section 10, township 1, range 7 east, \$1,000. Hugh A. McLean and wife to J. W. McLean, lot 1, block 1, section 10, township 1, range 7 east, \$1,000.
